Errata to “Energy Levels of Light Nuclei, $A = 20$” (Nuclear Physics A636 (1998) 249)

in $^{20}$N, 3rd paragraph, delete 92RE1I since it is the same reference as 93REZX. (Added on 08/28/2012)

in $^{20}$Ne, reaction 43, last paragraph, change 88WA26 to 88WA16. (Added on 08/30/2012)

in Table 20.17, Energy levels of $^{20}$Ne: under $E_x = 13.095 \pm 6$ (MeV $\pm$ keV), correct reactions “3.5, 18” to “3, 5, 18”. (Added on 10/15/2009)

in Table 20.18, Radiative decays in $^{20}$Ne: under $E_i = 16.73$ MeV, add footnote $^e$ in “Branch” column for $E_f = 1.63$ and 5.79 MeV, and in “$\Gamma \gamma$” column for $E_f = 11.23$ MeV.

in Table 20.19, Excited states of $^{20}$Ne from $^{12}$C($^{12}$C, $\alpha$)$^{20}$Ne: in the row of $E_x = 15.159 \pm 5$, correct “$< 8 \times 10^{-4}$ g. n” to “$< 8 \times 10^{-4}$ g. n”. (Added on 10/06/2009)

in Table 20.24, Resonances in $^{19}$F(p, $\gamma$)$^{20}$Ne: under footnote $^b$, correct “See discussion under reaction 25.” to “See discussion under reaction 29.” (Added on 09/29/2009)
